

BAUER

FOR A GREEN WORLD

Separator GREEN BEDDING™

NEW

**New Press Screw Separator to produce bedding material,
dry matter content up to 36% in solids.**

Benefits

- Dry matter content up to 36% in solids when separating cattle slurry
- Production of cheap, harmless bedding by using the slurry existing on the farm. No additional bedding has to be bought
- High dry matter content even at high throughput rates
- Low energy consumption
- Press screw and screen basket made of stainless steel
- Long life of the auger due to hard metal coating
- Housing made of cast iron
- Permanent cleaning of the screen by the auger
- Easy to maintain

Economical production of bedding material!

Technical Data

Throughput	up to 20 m ³ /h
Dry matter content	up to 36%
Input power	7.5 kW
Screen size	1.0 mm
